

B.V.V.S
Basaveshwar Engineering College, Bagalkot.
Department of Computer Applications (MCA)
Final Report Format for the MCA Project Work

- Cover page
 - Certificate
 - Declaration
 - Acknowledgment
 - Abstract
 - Table of Content
1. Introduction to the area
 2. Literature survey.
 - Existing System
 - Problems in the existing system.
 - Available solutions and their features.
 - Proposed solution (Generic).
 - Advantages of proposed solution.
 3. Problem Definition
 - Problem definition
 - Proposed solution (Specific)
 - Development process
 4. Software requirement specification
 - Purpose, scope
 - Product overview
 - Functional requirement
 - Performance requirement
 - Exception handling
 - Acceptance criteria
 - Design hints and guidelines
 - Glossary of terms
 - Technology requirement.
 5. System design
 - Use Case Model OR Architectural Design
 6. Detailed design
 - High level design
 - ER model and DFD **OR** Class and Object model and Sequence diagram
 - Low level design
 - Relational model, Flowchart, Pseudo-code **OR** State chart, Activity diagram.
 7. Implementation

8. Testing and Results
9. Conclusion
10. Future Enhancement
11. Reference books, sites and other resources.
12. Index
13. Appendices
 - User manual
 - About tools/technology.

Formatting Guidelines

Font style : Times New Roman.
Chapter Heading : Center aligned, 16 font size and bold.
Side Heading : Justified alignment, 14 font size and bold.
Content : Justified alignment, 12 font size and 1.5 line spacing.

References (i.e., Chapter 11)

All the textbook references should be in IEEE format.
Complete URL of websites visited should be present.
Detail of other resources referred should be included.

Page Setup (A4 Portrait)

Header (Font: 10 pt, Bold, Italics):

Project Title

Page No./Total Pages

Footer (Font: 10 pt, Bold, Italics):

Department of MCA

BEC, BGK

2024-2025

Note : Page numbering should start from Chapter 1 (i.e., Introduction to the Area)
